

Bell Nozzle

Description - Produces a clear sheet of water falling in the form of an umbrella. Dia of the umbrella can be adjusted by turning the top of the nozzle clockwise or anticlockwise.

Sizes - Available with 25mm inlet and 300mm or 450mm length with 50mm pipe dia.

MOC - Cast Bronze & Brass

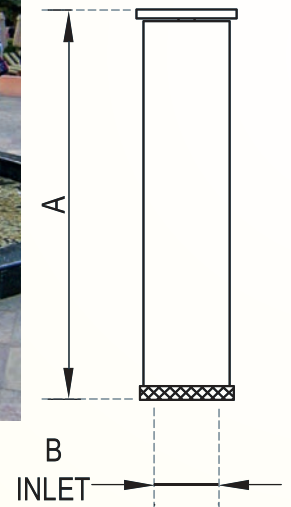

Custom - Custom nozzle heights are possible.

Type - Water level independent (no change in water effect with varying water level)
