

Butterfly Nozzle (Moving)

Description - Designed as a moving jet the butterfly nozzle is one of the most fascinating of all moving jets and creates a breathtaking feature in any show / musical fountain. This jet requires a gearbox and a variable speed drive motor to be connected to it for programming the movement of the jet.

MOC - SS, Machined Brass & Cast Bronze.

Custom - This is a specialized jet and is only custom built.

Sway Nozzle (Moving)

Description - The Sway Nozzle is another very fascinating moving jet and adds a lot of visual appeal to any show / musical fountain. This jets requires a gearbox and a variable speed drive motor to be connected to it for programming the movement of the jet.

MOC - SS, Machined Brass & Cast Bronze.

Custom - This is a specialized jet and is only custom built.
